# POWERSCAN™ PD9330 LASER

## DATALOGIC

DWARE

#### **INDUSTRIAL LASER BAR CODE READER**

The PowerScan 9000 product series is Datalogic's premium line of rugged industrial handheld data collection products. The PowerScan PD9330 laser scanner offers state-of-the-art performance in a corded industrial product.

#### SUPERIOR READING PERFORMANCE

The PD9330 reader features Datalogic's exclusive 3 Green Lights (3GL™) for superior good read feedback. The patented 'Green Spot' technology directly on the code and dual Good Read LEDs on the top of the cap increase visibility at any angle.

#### **BUILT TO LAST**

The PD9330 reader's mechanics have been developed and tested to withstand extreme environmental conditions, maintaining consistent reading performance without degrading performance or reliability. Its ergonomic enclosure is lightweight and well-balanced to ensure optimal operator comfort during scan-intensive operations. A built-in metal tether hook for suspended applications ensures workplace productivity.

#### DEVELOPED WITH THE USER IN MIND

All models have multi-interface capabilities built in featuring the most popular interfaces; RS-232, Keyboard Wedge and USB. The Datalogic Aladdin™ configuration program provides userfriendly features that simplify the startup procedure, even for inexperienced users.

### FEATURES

- Optics available in:
- Standard Range: contact up to 1.6 m / 5.2 ft
  Auto Range: up to 11.5 m / 37.0 ft on
- reflective codes
- Datalogic's 3GL technology and a loud beeper for good-read feedback
- Built-in multiple interfaces (RS-232, Keyboard Wedge and USB)
- Operates over a wide range of temperatures
- Water and Particulate Sealing Rating: IP65
- Drop resistance to 2.0 m / 6.5 ft
- Ergonomic shape provides hours of tireless data collection for the user
- EASEOFCARE Service Plans offer a wide range of service options to protect your investment, ensuring maximum productivity and ROI

### INDUSTRY-APPLICATIONS

- Manufacturing Shop Floor
- Work-in-Progress
- Sub-Assembly
- Component Tracking
- Quality Control
- Time and Cost Analysis
- Machine Replenishment / Configuration
- Line Inventory Control
- Warehouse and Logistic Centers
  - Shipping / Receiving
  - Parcel Preparation
  - Picking / Put Away
  - Automatic Sorting Back-Up
  - End of Line Sorting
