The Greatest Feature Set of Any Zebra Stationary Printer Series

Combines rugged durability with future-facing technology

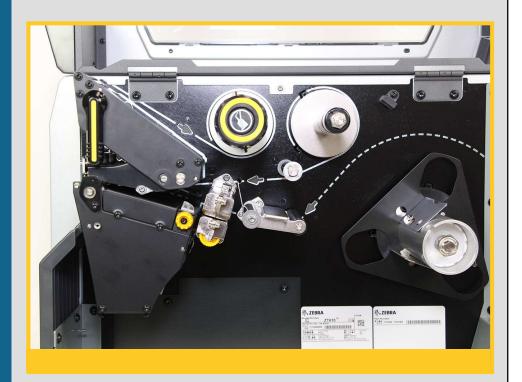

Features improvements in small-label printing, remote management and troubleshooting

Designed to Meet Your Needs Today, Tomorrow and for Years to Come

- 24/7 reliability in the harshest conditions
- Micro-Consistent Printing for small labels
- User-friendly design to streamline operations
- Highly adaptable, futureready platforms
- Expanded operational visibility and control

Maintain the 24/7 Reliability of the Xi Series

All-metal structural components

Withstand extreme temperatures, dust, moisture and more

High-quality print mechanisms and internal components

Ensure superior quality, speed and reliability

Built-in thermal management

Eliminates vents and fans to block dust and debris

Micro-Consistent Printing for Top-Quality Small Labels

600 dpi printing for labels as small as 3 mm

Ideal for applications like circuit boards, chips and miniature components

Highly precise registration

Ensure every label is accurately printed—from the first label to the last

User-Friendly Design for Easy Day-to-Day Operation

Simple side-loading of media and ribbon

Reduces training requirements and increases productivity

Guided media paths

Change color when errors occur to help locate and resolve issues

Color graphic display

Streamlines use with icon menu system and local language support

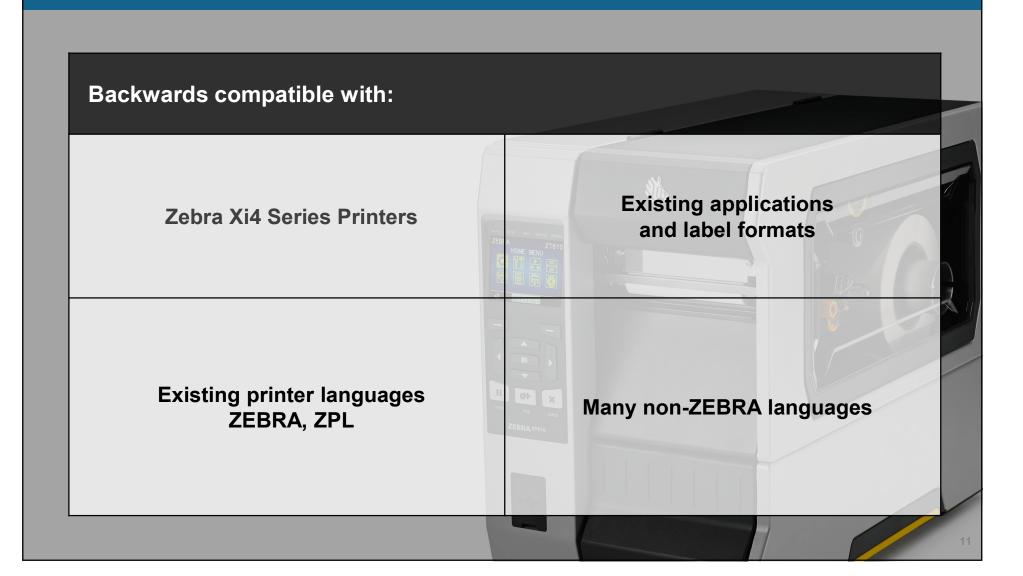

Highly visible color display

Turns red in error mode to show status, even from a distance

Plug-and-Play Upgradeability

Adaptable Design to Meet Your Evolving Needs

Advanced RFID encoding capabilities

Easy to install and use when you're ready to upgrade

Two USB host ports

Connect to a wide range of peripheral devices

Field-installable media handling options

Expand your printer capabilities if and when you need to

Comprehensive Connectivity for Flexible Configuration

Standard connectivity

Serial, USB, Gigabit Ethernet, dual USB Host and Bluetooth®

Two open communication slots for optional connectivity

Parallel, 802.11a/c, Applicator Port, IPv6 and Bluetooth LE

Link-OS® for Integration, Management and Visibility

Cloud Connect

Securely access and control critical operations anytime, from anywhere

Profile Manager

Monitor networked Link-OS printers from a single user-friendly, browser-based interface

Virtual Devices

Emulates common printer languages for hassle-free integration

Print Touch

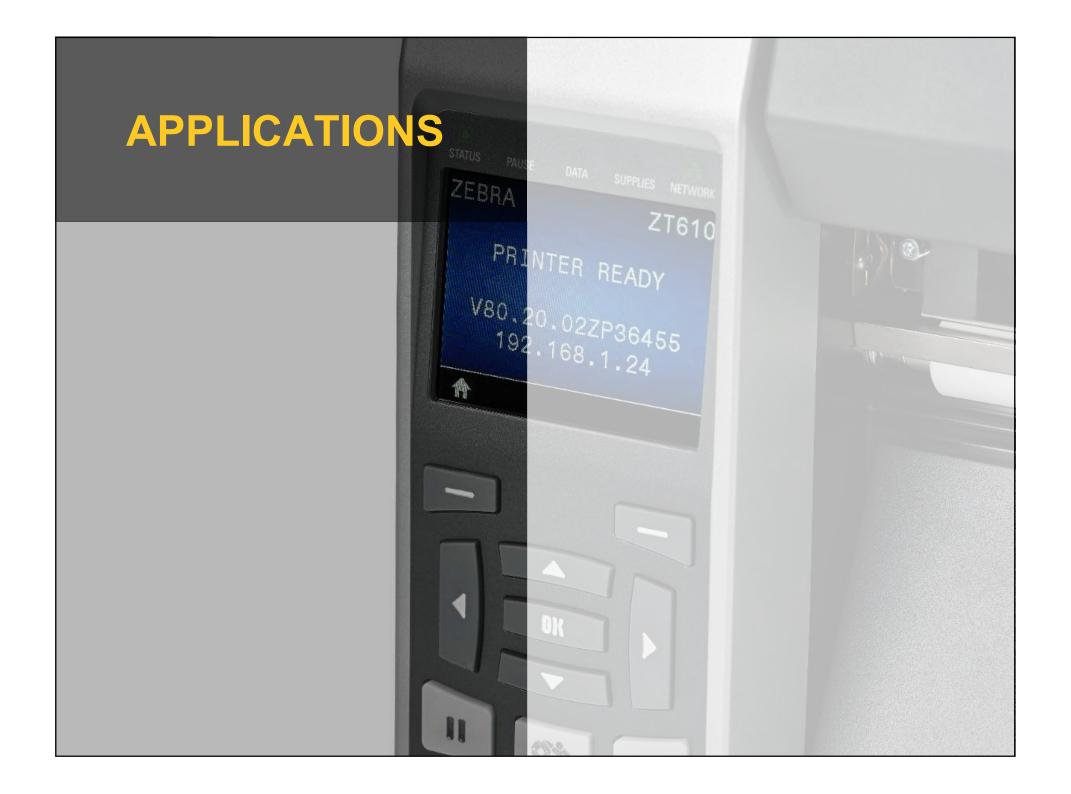

Set application-specific parameters from an Android device for efficient, scalable deployment

Dashboards

Provides advanced, in-system diagnostics, guided instructions and feedback

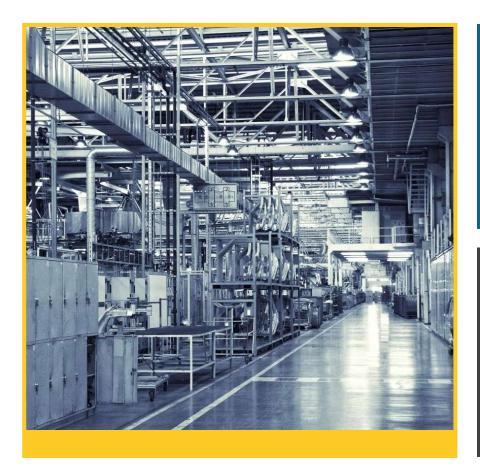

Link-OS Connectors

Easily integrate networked printers into AirWatch or SOTI Device Management Systems

Ideal for a Wide Range of Industrial Applications

Standard, harshenvironment and precision manufacturing

Warehousing and back-office applications

Transportation & logistics shipping labels

From Standard Manufacturing to Harsh Industrial Conditions

What you need:	What the ZT600 Series offers:
Standard: •Product/pallet labeling for shipping, receiving, cross-docking or automated manufacturing	 • 24/7 reliability • Top print quality, consistency and speed across a variety of label types • Withstands the toughest environments • Highly precise print registration • Full backwards compatibility with previous generation Zebra industrial printers
Harsh Conditions: •Labeling in harsh conditions like food and beverage or cold storage •Rust and temperature resistance	 Withstands extreme temperatures, sawdust, salt, sugar, oil, wet washdowns and debris from labels, cardboard and manufacturing processes Absorbs impact from falling, being hit by forklifts, slammed open or shut

Micro-Consistent Label Printing

What you need:

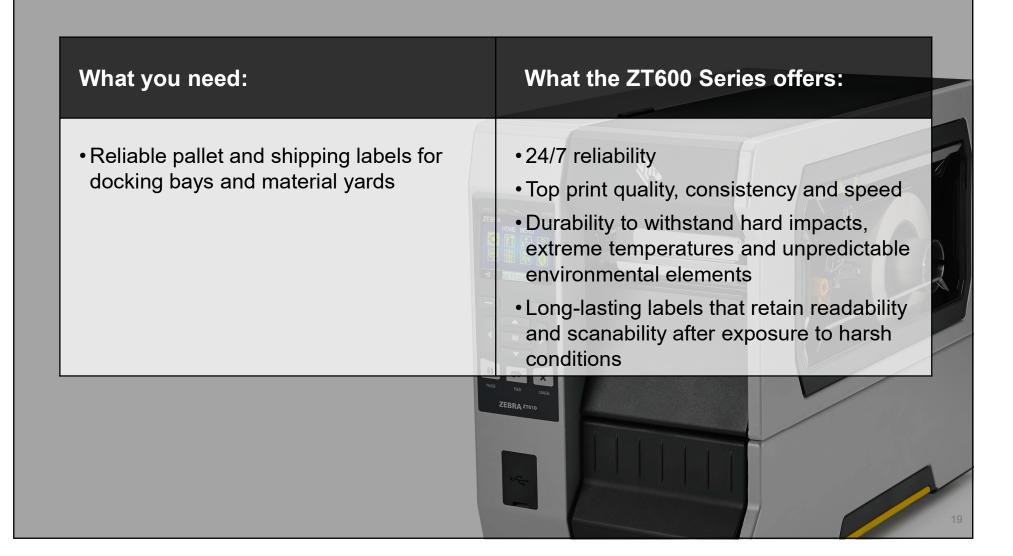

- Exceptional clarity and precision
- Micro-labeling for electronic components, jewelry and more
- Medical labeling for lab/testing equipment, test tubes and vials
- Cosmetics and pharmaceutical labels

What the ZT600 Series offers:

- Highly precise registration and print line adjustment
- Print labels as small as 3 mm
- The highest print quality across a variety of label types, shapes and sizes
- Long-lasting, environmentally resistant (thermal transfer)

Transportation & Logistics and Warehousing

Rest Assured With Zebra Certified Supplies

Top Quality for Top Performance

Printing supplies are rigorously tested for print quality, printer compatibility and application flexibility.

Consistency Means Convenience

We always use the same raw materials, so you always get the same quality and performance.

Avoid Common Problems

- No adjusting systems between rolls
- No reprinting due to poor readability or scanability
- No worrying about incompatible media damaging printers

Operational Visibility Service (OVS) & Asset Visibility Service (AVS)

Track and analyze printer health, performance and usage in real time

Quickly identify issues, assess solutions and take action

Compatible with existing mobile device management software

Zebra OneCare

Keep Your ZT600 Series Printer Operating at Peak Performance

Upgrade to the ultimate in postdeployment support with multi-year coverage from day one

Tiered service plans to meet your support needs and budget

- •Normal wear and tear plus accidental breakage repair coverage with OneCare
- •Essential and Select include telephone and software support
- •Upgrade to OneCare Select to add next-business-day dispatch of replacement devices, 24/7 Level One support and more

Benefits

- Maximize device uptime
- •Unparalleled "from the manufacturer" expertise
- •Outstanding value—eliminates unexpected repair costs
- •Enables IT to focus on more strategic initiatives
