XRS keeps drivers and fleets compliant with government regulations. It helps trucking firms slash costs, reduce accidents and makes life easier for drivers.	Transporation and Logistics	MC67, TC55	**Enterprise Compatible**

Region	Partner	Application	Platform	Description	Verticals	Zebra Product	Program Status
NA	Zebra Technologies	Enterprise Browser Demo	Android	Enterprise Browser is a powerful, next generation industrial browser enabling developers to build feature rich web applications that integrate seamlessly with the features in Zebra Technologies' Mobile computers and peripherals – such as barcode scanning, signature capture, printing and more. Enterprise Browser applications leverage standard web technologies (HTML5, CSS, and JavaScript) to run and integrate with virtually any Zebra devices. With support for legacy APIs used in PocketBrowser and RE Shared Runtime, Enterprise Browser is the ideal path forward for developers migrating legacy web based applications to newer devices or creating new highly-graphical applications. Enterprise Browser features will speed up your application development time, reducing costs and making the transition to next generation devices and operating systems fast, easy and affordable. Built from the ground up around best-in-class development practices and designed to support new operating systems and devices, Enterprise Browser is an entirely better way to create web based enterprise applications.	Cross-Industry	MC18, MC3200, MC40, MC67, MC9200, TC55, TC70, TC75	**Zebra Enterprise Validated**
